FORTY-SECOND YEAR—NO. 38

HAMLIN, JONES COUNTY TEXAS, FRIDAY, JULY 25, 1947

EIGHT PAGES TODAY

Valdemar Hansen Killed By Electrical Charge

Last Rites Held Friday for Young Denmark Native

Tragedy Occurs West of Hamlin

Valdemar V. Hansen was electrocuted while at work Thursday afternoon at the General Grude pump station, 10 miles west of Hamlin. Death came at 4:00 p. m., shortly after an electrical shock received while he was on top of a storage tank. He remained conscious for a short time after fellow workmen removed him from the top of the tank, but was pronounced dead upon arrival at a hospital in Rotan.

It was not known exactly how the accident happened but it was presumed that Hansen slipped and he grabbed the wire. The extremely high voltage it carried knocked him away from the wire and to the edge of the tank, it was said.

Funeral services were held at the First Baptist Church, of which he was a member, Friday afternoon at 2:00 o'clock with Rev. Bill Cravens, acting pastor, in charge. Interment was in East Cemetery.

The 29-year-old Hansen was a native of Denmark, and was in the Danish Navy when his native land was invaded by the Germans. He joined at the age of 14. Like many other young Europeans he came to the United States and was third mate for three years in the U. S. Merchant Marines.

When he first came to Hamlin he was an employee of Simpson's Fine Foods.

He is survived by his widow, the former Mary Lee White, daughter of Mr. and Mrs. Jack White of Hamlin; a three-month-old son, Tony, and two brothers and three sisters, his parents who live in Nakskal, Denmark. He hadn't seen them since 1939. His father is a captain in the Danish Merchant Fleet.

Jones County AAA To Resume Pay for Soil Conservation

Jones County AAA office has received notice from state headquarters that they should immediately resume the issuing of prior-approval soil conservation practices, according to an announcement by Daniel Beaver, head of the office, which is located in Arson.

All farmers interested in carrying out approved practices are asked to contact the county office immediately. The Senate appropriation committee last week restored the entire program of \$258,000,000 for benefit payments to farmers complying with plans of soil conservation and use program.

Hamlin All-Stars Enter District 10 Softball Tourney

Hamlin All-Stars, a softball aggregation made up of players from the number teams of the local softball league, have entered the District 10 American Legion Softball association tournament to be held at Stamford on July 28-August 2, according to officials of the local VFW sponsored league. Joe Meredith of Stamford is tournament director.

Entry lists will remain open until July 25, on which day the pairings will be made. Any teams interested in playing should contact Ed Merrill, phone 7, Stamford.

Teams from eight counties in the district will enter the tourney. Winners in the meet will be eligible to enter the state tournament at Wichita Falls August 15-17. Counties in the district include Taylor, Fisher, Shackelford, Stephens, Callahan, Eastland and Jones. Cash prizes will be given the winning ball clubs, to help them finance trips to the state meet.

23 Local Boys Attending Camp At Lueders Now

Hamlin is well represented at the Brotherhood and RA encampment being held at Lueders this week with 23 going. Only 25 would have been allowed from this church.

Rev. Bill Cravens and Bonnie Smith will be in charge of the local group.

Boys spending the entire period in camp are Boyce Irwin, Alfred Altom, Aubrey Altom, Clifton Tamm, Joe Allen Dean, Welde Tamm, Ben Neidecken, Keith Miles, C. Barnett, Douglas Koonce, Lee Altom, Jack Wright, Sam Vaughn, Terry Thomas, Joe Charles League, Aubrey Carpenter, Clarence Parker, Carl Bond, Nelson Lowe, Calvin and Alvin Steward and Robert Angel.

City Alderman Explains Water Problem to Lions

Hamlin's unusual growth of the past few years was pointed out as the main factor in the city's present water system troubles, members of Hamlin Lions Club were told by Alderman Ivy Witt Tuesday of this week.

Mr. Witt explained that Hamlin's water plant and distribution system had been designed for only a smaller town with what was thought to be adequate room for expansion. The town has long since outgrown the system and as a result water users suffer the consequences during summertime. At the present time only 700,000 gallons can be processed daily and only that amount comes from the new lakes each day. The amount cannot be increased he said and warned all to be conservative in the use of water.

A few weeks ago a plan of watering lawns was set up and it has been found of little help since most people try to use as much in one day as they normally would in two. The alderman pointed out that the city had underground storage of 130,000 gallons and that it was a constant battle to keep this and the 75,000 gallon overhead tank full and that part of the time it was impossible to keep the pressure up in mains. At the present time the city keeps 110,000 gallons in reserve at all times for firefighting and emergency. This amount will be kept on storage if it means no water at times for customers, it was said.

Witt pointed out that it was hoped by officials that materials would be available by next summer. Hamlin's problem is definitely one of processing facilities and not of the supply end, he emphasized.

The speaker was introduced by Edgar Duncan, program chairman.

Applications Being Taken for Place At Postoffice

United States Civil Service Commission announces an open competitive examination for open competitive appointments to the position of substitute clerk and carrier for the Hamlin Postoffice, it has been announced by Postmaster Perry Sparks. Applications which can be obtained from Sparks, must be on file with the director of the 14th Civil Service Region, Dallas, not later than August 4. Entrance salary is \$1.04 per hour.

In making the announcement the Civil Service states that applicants must actually reside within the delivery of the Hamlin Postoffice or be bona fide patrons of such office. Examinations will be conducted at the postoffice. Veterans will be given preference in appointments, it was pointed out.

From Washington.

M-Sgt. and Mrs. Hoyt Hilton of Tacoma, Washington are home visiting Mr. and Mrs. Jack Gray and also points in Georgia and Tennessee. They will return next week to Washington, where M-Sgt. Hilton will resume his duties at Fort Lewis.

Hamlin To Be Represented at Lions Convention

WHEN HARDIN-SIMMONS University's famed six white horses are on parade down the main streets of San Francisco at the Lion International convention July 28-31, up on three of them will be this coed trio.

Left to right, they are: Doris Reid of Abilene, Jessie Myers of Hamlin, and June Brunk of Plainview. Miss Reid was selected champion cowgirl of the Texas Cowboy Reunion early this month in Stamford. Miss

Myers was the winning cowgirl of the Hardin-Simmons intercollegiate rodeo last spring. Hamlin Lions planning to attend the convention are L. R. Hutchingson, Haskell Carter, Gordon Bennett and Jimmy Irwin.

Hamlin and Trent Play for Loop Title Friday Afternoon

Trent Ruled Out In "Protest" by Loop Committee

Hamlin's Pied Pipers will journey to Merkel Friday afternoon for the game that will decide the first championship ever awarded baseball in the high school league organized as District 13-A this spring.

The Pipers will cross bats with the Trent team which has been ruled out of the game on the home grounds of the other team, it was said. Coach L. B. (Red) Howard stated that the game would start at 3:00 o'clock p. m. and urges all Hamlin fans to attend if possible.

In the championship go-round Hamlin won the first tilt 4 to 3 and Trent the second 14 to 5. The first game was played under protests and at a meeting of the district committee this week it was determined that Trent's protest could not be upheld and Hamlin's 4-3 decision was made official.

Coach Howard expects to have his team at full strength this afternoon and the squad is confident they will bring the home back to Hamlin tonight (Friday).

Plainview Youth First Victim of Polio In County

Bryon Thackerson, 17-year-old resident of the Plainview community, 10 miles east of Hamlin, died at a hospital in Abilene Saturday after being stricken with poliomyelitis at his home Monday of last week.

The son of Mr. and Mrs. B. E. Thackerson who operate a store at Plainview, the lad was taken first to a Stamford hospital and later in the week removed to Abilene where it was definitely determined he had infantile paralysis. He was thought to be greatly improved Friday, but later became worse.

A graduate of Anson High School in 1946, he lived with his parents and had farmed and driven a truck. A native Texan, he had lived in Jones County since two years of age.

Funeral services were held at Corinth Baptist Church Sunday afternoon with the Rev. Fred Moreland in charge. Interment was in Fairview Cemetery.

Survivors include his parents, a sister, Mrs. Tony Jones of Radium and his two grandfathers.

Farm Commodities Steady to Strong; Cotton Going High, Later Losing Ground

Rev. M. G. Jobe To Speak Here To Nazarene

Rev. M. G. Jobe, former pastor of the First Church of the Nazarene in Fort Worth, will be the guest speaker at the local church at the Sunday morning service, Rev. J. Crawford, pastor, has announced.

Rev. Jobe is now doing evangelistic work and lives in Bethany, Oklahoma.

Sunday School begins at 9:45 a. m. and the morning preaching service is at 11:00 a. m. The junior and young people's meeting begins at 7:15 p. m. and the evening service at 8:00 p. m. A cordial invitation to any or all services is extended to the public.

Singing On Sunday.

Regular monthly singing will be held at the Calvary Baptist Church Sunday afternoon, beginning at 2:30 o'clock p. m. Georgia Nunn has announced.

Start New Home.

Work was started this week on a modern, new ranch-style home for Dr. and Mrs. J. W. McCrary on the property west of his office building. They have recently sold their home on North Central Avenue.

Many southwest farm markets developed easy spots last week, although the general trend of most commodities continued steady to strong, according to the report received by The Herald from the Production and Marketing Administration, United States Department of Agriculture.

Cotton climbed to 20 year record levels of around 39 cents per pound or more last mid-week, but dropped back by Friday for net losses of \$3 to \$10 per bale. Spot activity increased, as new crop harvest progressed well in South Texas.

Winter wheat harvest made rapid progress in the Great Plains area last week. Inadequate transportation and storage forced millions of bushels to be piled up on the ground in Texas, Oklahoma and Kansas. Heavy buying for export held losses to six cents. Friday's price stood near \$2.37 per bushel for No. 1 hard at Fort Worth and Galveston. Corn eased under favorable weather reports; and sorghums dropped 15 cents.

Best candled eggs sold firm to slightly stronger last week. Easier undertone developed on current receipts and under grades following government announcement discontinuing purchases of dried and frozen eggs after July. Poultry held about steady. Heavy hens sold at 23 to 25 cents per pound at Fort Worth and Dallas.

Cattle prices receded late last week from mid-week highs

First 1947 Maize Arrives In Hamlin

First 1947 milo maize from this year's crop was brought to the Hamlin market Wednesday of this week and brought \$2.50 per 100 pounds, according to L. H. McBride, local grain dealer who handled the deal.

The new crop maize was brought in by Tom Coker of the Plainview community, east of town and it graded good No. 2, 53 pounds to the bushel. It was yielding well, Coker reported.

Coker and McBride teamed up for first honors for the second consecutive year. Last year Coker brought

in the first load, graded No. 1 and was brought in on July 15, a week earlier than this year. This year's first sale, however, is considered to be fairly early.

Maize in this territory is needing rain badly, according to most area growers contacted. Present crop now ready for harvest would be unaffected, but it is said later plantings would probably produce a good yield if rain comes soon. The section east of Hamlin is going to produce lots of maize, according to local observers, but most of the area west and north of the city will have a very short crop.

Round Top Offset, Radium Wildcat In Oil Spotlight

Softball Teams Continue Battle For Top Spots

Members of the Hamlin Softball League continued to unveil some hard-fought games this week with none of the teams climbing out of their positions of last week. General Crude Oilers hold tight to first place with their nearest opponent, Wise Chapel, more than a 100 per cent points behind.

Besides league games the softballers found time to play another Abilene team, the All-Stars walloping the Barq's nine, 7 to 1. This Saturday night pits the All-Stars against the Stamford team and the Hamlin Boy Scouts vs. the Stamford Scouts.

Results of the past week are: Thursday night, Hamlin girls 13, Neinda girls 3 and VFW 8, Celotex 2; Friday night, Wise Chapel 5, Sylvester 2; Monday night, Celotex girls 3, Hamlin 2 and VFW 6; General Crude 3; Tuesday night, Wise Chapel 14, Celotex 2.

Schedule for the following week: Friday—Junior boys game and VFW vs. Wise Chapel.

Monday—Hamlin girls vs. Neinda girls and Celotex vs. General Crude. Tuesday—Junior boys game and Sylvester vs. VFW.

Thursday—Celotex girls vs. Wise Chapel girls and General Crude vs. Wise Chapel.

Official league standings through Tuesday night games follows:

Team	W	L	Pct.
General Crude	19	3	.863
Wise Chapel	18	6	.750
VFW	14	10	.584
Sylvester	11	11	.500
Celotex	9	14	.409

One Week Remains To Secure Herald At \$1.50 Rate

One week remains for Herald subscribers, both old and new, to secure the paper for the old rate of \$1.50 per year. Originally announced to expire on August 1, The Herald management has extended the time through Saturday night, August 2. Mail subscriptions postmarked prior to midnight of that date will be accepted at the old rate. It was decided to give the additional time so week-end shoppers could take advantage of it. There will positively be no further extension.

Hundreds are taking advantage of the offer made during the present campaign, which opened on July 3. A number of new readers have been added to the list.

As a reminder, the present rate is \$1.50 per year in Jones, Fisher, Haskell and Stonewall Counties and is \$2 per year elsewhere. After August 2 it will be \$2 and \$2.50. Until August 2 renewals will be taken for as long as three years at the old price.

As previously stated, the moderate hike in price is necessary to offset increased costs of paper, ink and other production costs.

Don't forget—August 2 is the deadline and we're being fair by allowing three-year advance renewals.

Ice Being Made At Banner Plant

Machinery which has been installed at the local plant of the Banner Creamery is now in operation and ice is being manufactured this week. It is thought the first ice for commercial sale would be "pulled" sometime Thursday or Friday.

Workmen have been hard at work the past week or 10 days putting the finishing touches on the new 15-ton plant and getting everything in readiness.

Outside of the building is being refinished and when completed will be attractive addition to Hamlin's business section.

North Offset In Fisher County Now Making Hole

Most Sections In Area Very Active

Oil spotlight in this section of Central West Texas was turned on two tests in the Hamlin area this week. In Fisher County drilling got underway on a north extension try in the Round Top field, 10 miles west and a wildcat is rigging up for a new Jones County test west of Radium and about eight miles south-east of Hamlin.

The Round Top offset is in the new reef production area and is the Ellis Hall No. 3-A J. B. Terrell, a 6,000 foot rotary job 330 feet from the south and 1,320 feet from the east line of the northwest quarter of section 80 H & TC Survey.

The pool, which was opened by Hall a few months ago, was recently extended a quarter mile to the south by the Texas Company and one location to the east by the Hall No. 3 Terrell. Hall had previously filed location for the No. 3 Terrell as a north offset to the Texas Company well, but is to drill the north location first.

Material was moved in during the week-end and crews are now rigging up for start of work on a new Jones County wildcat two and half miles west of Radium and three miles to the northwest of production in the Chittenden Ranch. It is about eight or nine miles from Hamlin.

The test will be the Signal Oil & Gas Company, No. 1 M. E. Carothers, 330 feet from south and east lines of subdivision 4 McMullen & McGloin survey league 336. Permit is for 4,500 feet with rotary.

Starting date had not been set late in the week for the Texas Company's proposed deep test 15 miles southwest of Anson, the No. 1 J. Herring. It is on permit for 5,400 feet with rotary.

Installation of pumping equipment was being completed on the Roark, Hooker and Roark No. 1 Lillie P. Brown, Palo Pinto production in the Pitzer Strawn field six miles north of Merkel, which was estimated at 65 barrels per day on the basis of swabbing tests.

In the same area, top of the Strawn section is due early this week on the Roark, Hooker & Roark No. 3 E. T. Pitzer, southeast outcrop to the pool. It was drilling below 1,100 feet, with the Strawn pay expected at about 4,500.

Two locations, out of the east side and the other on the west side, have been made for the Jones-Taylor County Reddin field.

West Central Drilling Company, et al are to drill the No. 6 S. M. Reddin and on the west side of the field, Bailey Balken is to drill the No. 3 R. E. Harris, 2,700 foot rotary project. It is a twin well to his No. 2 Harris which was lost several months ago because of a junked hole.

Three miles northwest of Noodle, drilling has progressed below 1,700 feet on the new Strawn test Delhi Oil Corporation, No. 1 August Neuman et al. Permit is for 4,500 feet with rotary.

Five miles southwest of Hamlin, in the Royston field, General Crude is preparing to test to 4,500 feet with rotary tools. The well is staked as the No. 1 B. F. Williams, a west-edge location 658 feet from the west and 661 feet from the south line of the east half of section 207, block 1, BEE & C Survey.

Roy L. Maynard Attends School In Indiana Factory

Among the group who attended the Perfect Circle Corporation's Automotive Clinic for the Doctor of Motors at Hagerstown, Indiana, on July 14 15 and 16 was Roy L. Maynard of Hamlin Motor Company.

As a result of the special training acquired each man who qualified was granted a certificate as a Doctor of Motors, Master Grade.

'Tween Me and my Typewriter

by Jeanette Bryant

"I like to see a man proud of the place in which he lives. I like to see a man so live that his place is proud of him." Those words were spoken by Abraham Lincoln, and there is a lot of truth in those lines. Are you proud of your hometown, and on the other hand, is Hamlin proud of you? Have you had a part in making this the "Biggest Little Town in West Texas"? If you have lived here very many years, and can not

point with pride to some worthwhile deed or idea that has made this a finer place in which to live and rear a family, then it is time you do something. Hamlin is a wonderful town in which to live, but we must ever strive for greater improvements. We must never be satisfied to sit back and do nothing. If you have any new ideas about improving Hamlin, tell it to the city officials or the Chamber of Commerce. They welcome suggestions or constructive criticism.

There has been a heavy drain on limited water pressure since the hot dry weather, and the residents have been asked to cooperate by watering grass, flowers and shrubbery only on certain days of the week. This voluntary rationing plan has lacked support of many people and at times the pressure has been extremely low.

At one time in downtown Hamlin there simply wasn't any water to be obtained from the pipes. This can not be remedied except through you, Mr. and Mrs. John Q. Public.

"What are we going to name them?", was the \$64 question in the Reynolds-Stell families last Monday and Tuesday after the arrival of twin daughters to Cliff Jr. and Lois Ellen Reynolds. It was a great decision but they finally decided on Marolyn and Carolyn, both very pretty names.

Have you ever read the editor's beatitudes? Naturally, we like 'em, so here they are:

Blessed are the merchants who advertise, because they believe in it and their business, for their prosperity shall increase many fold.

Blessed are the country correspondents who send in their well written items every week, for some of their friendly neighborhood shall go abroad in the land.

Blessed is the woman who sends in a written account of a party or wedding, for she shall see the details of the functions and the names of her guests correctly reported.

Blessed are those who do not expect the editor to know everything. But who call and tell him when an interesting event occurs to them, for they shall have a newsy paper in their town.

Blessed are they who get their copy in early, for they shall occupy a warm place in the editor's heart.

Blessed are those who cooperate with the editor in his efforts of the community, for their town shall be known far and wide as a good place in which to live.

Saw some of those gliders ride the air currents at Sheppard Field Sunday afternoon. It is a beautiful sport and makes one stand in awe and marvel at the many acrobatic stunts those pilots can do. We saw books being autographed by several pilots. We didn't know the signers but if we had been carrying a book we would have asked for a signature and later identified the famous personality. We hate to miss out on anything.

Jessie Myers is going to California with the Hardin-Simmons University Band to the international convention of Lions Club. She will ride in the parade down the main streets of San Francisco. Again Hamlin should bow to Miss Myers. Three Hamlin Lions will also be at the convention.

That feeling you have on Monday

morning after a 250 mile week-end trip is very similar to a hang-over or so they tell us. That is one reason we are convinced we'll stay on the water wagon.

Way out on a stretch of country road we noticed over the door of a filling station this sign, "Curb Service." We never were able to locate the curb to which they referred.

If you haven't visited Wichita Falls recently, you may not have seen the several beer and liquor stores with the title "Kickapoo" Comic readers will readily surmise they derived that name from the famous Kickapoo Joy Juice of Lil' Abner fame. We don't think it was such a wise choice, if the products sold inside make one act in the fashion those who drink the stuff in the comic strip. They probably do just that too!

Have you seen those new darker shades of ladies' hose in the popular blacks, blues and gun metals? Just as we are against the longer skirts, so we oppose the dark hose, but womanlike we will be foolish enough to wear what all the other women do. If the skirts continue to drop, the stockings won't be visible anyway.

Hamlin Youth On NTSTC Dean's List

P. A. Fowler, son of Dr. and Mrs. P. A. Fowler of Hamlin, is among 441 upperclassmen named this week to the dean's honor list for the summer semester at North Texas State College.

The dean's list is composed of the names of all upperclassmen who attended the college the previous semester and were accredited with at least 12 semester hours with an average grade of B and no grade lower than C.

Inclusion on the list permits the students to miss classes without suffering grade point penalties and to have access to the stacks in the NTSC library.

Mr. and Mrs. Tate May have returned home after a two-week vacation trip to Dallas and the Ozark Mountains.

Agent Gives Pointers On Care of Towels

Although towels in Hamlin and area stores are gradually getting back to normal in numbers, the quality and sometimes the quantity desired are not easy to find.

Miss Loretta Allen, Jones County home demonstration agent, has several suggestions that will make towels last longer.

One way, Miss Allen points out, is to rotate the supply, and another way is to refrain from using the same towels over and over. When towels are returned from the laundry, place them on the bottom of the stack.

If towels are stored for a long time without being washed, the fabric may deteriorate. Smoke, dust and moisture from the air combine to weaken cotton.

When washing towels, the county home demonstration agent says it is wise to dilute a bleach if one is used. Too strong a bleach will weaken fabrics. Drying towels in the sunshine is an excellent way to bleach them, but they should be brought in as soon as dry.

If towels are left on a clothes line after drying the wind loosens the yarns at the corners and causes them to fray. In case this happens, is to rotate the supply, and Miss Allen says, several rows of stitches along the edge will check the fraying.

Miss Allen warns against ironing Turkish towels. She declares ironing mats the loops and the result is less absorbency. Ironing face

and dish towels is permitted, but Alton Dean at the Veterans' Hospital at Waco Friday.

Another trick in saving those precious towels is to fold them differently at times. This prevents too much wear at any one spot and keeps the towels from spitting along the creases.

Mary Jo Hendricks returned to Dallas after spending several weeks here with her aunt, Mrs. D. A. Brown and family.

Miss Lola Miller has returned to her home in San Angelo after a visit here with Mr. and Mrs. R. L. Dean.

SOCIETY

Troth of Louise Daniel and William Roy Page Revealed

Announcing the betrothal of Miss Louise Daniel and William Roy Page (Buddy Page, Mrs. G. A. Daniel of Hamlin was hostess at a tea Friday in the home of Mr. and Mrs. George W. Page, in Abilene.

Card favors embossed with blue ribbons named the wedding date as August 1. Dr. Earl G. Hamlett will read the ceremony at the St. Paul Methodist Church in Abilene, with Dr. Millard A. Jenkins assisting.

Beverly Balfanz, Mrs. Orville Rumsch and Mrs. Irving Cumble Jr. will attend the bride, who will be given in marriage by her father. The bridegroom's father will serve as best man, and Orville Rumsch, Truett Daniel, Paul T. Bailey Jr. and Irving Cumble Jr. will be ushers. Lester Morton of here will sing. Mrs. Lora Turner received the guests at the tea, and Mrs. Daniel presented her daughter. Others in

the receiving line were Mrs. George W. Page, mother of the groom-elect Mrs. Rumsch, Miss Balfanz and Mrs. Cumble.

In the dining room, Mrs. Claude Robertson and Mrs. O. L. Page were in charge of the punch bowl with Mrs. Mac Fullerton, Wanda Fair and Mrs. Wendell Barber, assisting. Donness Balch presented announcement favors. Patsy Petty asked the guests into the registry room, and Mrs. Claude Hoffman said goodbyes. Nuptial music was given by Orleanor Dellis and Mrs. Eddie Prock.

Yellow, blue and white were used in the color scheme, with a wishing well in the center of the refreshment table. Guests dropped pennies in the well as they made wishes for the couple. White gladioluses formed the background for the well, which centered a miniature rock-bordere garden. A doll in wedding dress on the mantel and summer flowers of yellow, blue and white were used to decorate the reception rooms.

About 287 guests registered during the appointed time.

Reynolds-Parrish Families Have Reunion Here

Members of the Reynolds and Parrish families had a reunion at the Hamlin City Park Tuesday, July 15. Delicious barbecue was served at noon.

Those attending were: Mrs. W. S. Reynolds, Mr. and Mrs. Raleigh Reynolds and children, Larry Alene, Gordon and Warren, Mr. and Mrs. M. S. Johnson and sons, Milton, Ralph, Marvin and Dennis, Mrs. Pearl V. Smith, Mr. and Mrs. R. M. Young, and Richard Jr., Mr. and Mrs. Bill Smith and sons, Raley and Stanley, Miss Sue Jones, all of Hamlin; Mr. and Mrs. David Parrish and Alvis, Mr. and Mrs. Jim Parrish and nephew, and Sam Parrish, all of Moran; Mr. and Mrs. Bill Raymond and daughter, Linda of Abilene; Mr. and Mrs. Dub Mashburn and J. P. Mashburn of San Angelo; Miss Margaret Carr of Abernathy, Weldon Reynolds, Mrs. Roland Malcik and son, Mike of Lubbock, Mr. and Mrs. Bert Reynolds and daughter, Linda, all of Clovis, New Mexico; Mrs. Jim Vaughan, of Trinity; Mr. and Mrs. J. S. Staton of Sweetwater; Mr. and Mrs. W. C. Lee, Mr. and Mrs. Mack Reynolds, Billie and Roberta Reynolds all of McCaulley.

Mr. and Mrs. John C. Bryant and her parents, Mr. and Mrs. C. P. Ameson left this week for a visit in St. Louis and other points in Missouri.

Mr. and Mrs. Joe Culbertson have returned from a vacation in the Ozark Mountains.

Mrs. John R. Howell, Mrs. A. G. Irwin and son, Boyce and Mrs. Donald Bryant were in Abilene Friday.

Mr. and Mrs. Henry Albritton and Mr. and Mrs. W. L. Boyd, Jr. left Thursday for Ruidoso, New Mexico to spend several days.

Lain-Buiz Vows Read At Baptist Church Sunday

Quita Floyd Lain, only daughter of Mr. and Mrs. J. C. Lain of Anson, and Roy Buiz, son of Mrs. Corine Buiz of Fort Worth, were united in marriage in a double-ring ceremony at 8:00 o'clock Sunday morning, July 20, at the Hamlin First Baptist Church.

Rev. Henry Chambers, pastor of the First Baptist Church of Anson read nuptial vows before an arch of fern and lavender and white asters. At either side of the altar stood floor baskets containing the same type of flowers.

Lester Morton, uncle of the bride sang "At Dawning" accompanied by Mrs. Morton at the organ, who played the traditional wedding marches and "Moonlight Sonata" softly during the ceremony.

Mrs. Lavelle Brown of Snyder was matron of honor. She wore chartruese satin with a net yoke and carried purple asters.

Bridesmaids were Mary Lou Burford of Fort Worth and Annes Morton, Hamlin. They wore identical dresses of orchid satin and carried orchid asters.

Warren Ross of Fort Worth attended the bridegroom as best man. Sam Westbrook and Dale Lain served as ushers.

The bride, given in marriage by her father, wore a white duchess satin gown fashioned with high neckline edged in lace, and lace insets forming a panel from the bodice to the hem. Her full length veil of illusion was attached to a halo-embroidered in seed pearls. She carried a white orchid with white carnations on a white Bible, borrowed from her aunt, Ames Morton. For something old, she wore a cameo ring belonging to her grandmother, Mrs. J. H. Morton.

Immediately following the ceremony, the bride's grandparents, Mr. and Mrs. J. H. Morton, were hosts at a reception in their home here. The bride's chosen colors of lavender and green were used in decorating the reception rooms.

Mrs. Ernest Glazier of Anson laddled the punch and Mrs. J. R. Fielder of Abilene served the three-tiered wedding cake.

For traveling, Mrs. Buiz chose a brown and white striped seersucker suit with white pique collar and cuffs, and she wore a white straw off-the-face hat trimmed in brown.

After a trip to Ruidoso, New Mexico, Mr. and Mrs. Buiz will be at home in Fort Worth, where he is employed in the sporting goods business.

Mrs. Buiz is a graduate of Anson High School and North Texas State Teachers College at Denton, where she majored in Public School Music. She has taught in the Midland and Fort Worth schools.

Mr. Buiz is a graduate of a Fort Worth high school and attended North Texas Agricultural College in Arlington.

CARD OF THANKS

We are truly grateful to all our friends and neighbors for their many expressions of sympathy shown us in the loss of our husband, father, and son. In our saddest hours of grief, your loving kindness and sympathy have been a great consolation to our hearts.—Mrs. Val Hansen and son, Mr. and Mrs. Jack White and family, Mr. and Mrs. Bill Thompson and family. 1p

Mrs. S. D. McMahon and niece, Miss Robbie Sparks, are in Dallas this week.

How women and girls may get wanted relief from functional periodic pain

Cardul is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

1 Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.

2 Started 3 days before "your time," it should help relieve pain due to purely functional periodic causes.

Try Cardul. If it helps, you'll be glad you did.

CARDUL

Baptist TEL Class Has Pot Luck Supper

Members of the TEL Sunday School Class of the First Baptist Church enjoyed a "Pot Luck" picnic last Tuesday evening at the city park.

A nice variety of foods were brought. Roll call was answered with each member relating the most thrilling experience of her life. Lots of fun was derived from this unique roll call. Every member is urged to attend the next meeting and be prepared to give her most embarrassing moment.

Fifteen members and one visitor attended the picnic.

The next monthly social will be held the first Tuesday night in August.

Mr. and Mrs. Claud Bessire are on a vacation trip to points in West Texas on the plains.

Mr. and Mrs. J. E. Williams of Breckenridge visited Mr. and Mrs. George W. Miller during the weekend.

Special Sunday BTU Program Being Planned

Three students from Hardin-Simmons University will have charge of a special missionary program during the Training Union hour at the First Baptist Church Sunday evening, Rev. Bill Cravens, pastor, has announced.

Mori Hiratani, James Steed and Gilbert Gima, all exchange students from Hawaii, will present the program to all the adult classes.

"Even though you may not regularly attend BTU, you are invited to hear these young men," it was

stated. BTU begins at 7:00 o'clock p. m.

Durwood Locke visited his sister, Mrs. W. (Red) Wallace here between semesters at Texas Tech, where he is attending.

Seh Neill is now employed Ouessa.

Again Hold Revival
At McCaulley Church

Dr. W. Y. Pond, one of Texas Baptists' officially named state evangelists, will do the preaching again this summer at the annual revival of the McCaulley Baptist Church according to an announcement by the pastor, Rev. C. E. Dick. Stanley Jackson will be in charge of the music.

These men conducted a very successful meeting for the McCaulley Church last August and Rev. Dick feels very happy about securing their services again.

The series of services starts on Sunday, August 3, and continues on through August 17. Services will be at 8:00 p. m. each night.

Clarence Lassiter of McMurry College in Abilene spent the week-end here with his parents, Mr. and Mrs. W. F. Lassiter.

TRUE STORIES OF WEST TEXAS

'A Trail Driver Turns
Banker'By N. H. Kincaid, 2618 Hickory St.,
Abilene, Texas) (Copyrighted)

Cattlemen from West Texas started at the teeming, steaming Mississippi Gulf port with interest. Scarcely two years had passed since the close of the Civil War but the waterfront was alive with bustling activity. One big English freighter and several river packets had just come in and little barefoot darkies were starting here and there among the disembarking passengers, eagerly soliciting trade for the waiting cabs.

Choosing to be among the last to leave the packet, the young trail driver had time to select his baggage carefully. Ettering, he kept his bag by his side and gave his destination as the Canal Bank.

The West Texan found the New Orleans bank officials most cooperative. Explaining that he wished to leave his \$50,000 with them only while awaiting a boat to Houston, they agreed to keep it for him. The money was in \$20 gold pieces, fresh from the mints of California, and weighed 200 pounds.

As Bob Coets handed over the heavy bags of clinking coins, he thought of the herd of longhorns and the long months of trail breaking that had entered into the experience. Gone from home a year now, he had wintered his herd in the snows of the Rockies, and sold it and all his equipment early this spring. One of his cowhands had died of pneumonia; the others had continued the drive into California for the new owner.

Couts had decided it safer to return alone home rather than hire a stranger to help guard him and his gold. Traveling with pack horses and his own trusted gun and 45, he again crossed the Great Divide. Traversing uninhabited valleys and following the general course of the Platte River hundreds of miles to the head of navigation on the Missouri, he there boarded a river boat to St. Louis, and thence to New Orleans.

"Yes sir," Coets said with satisfaction, "when we folks in Texas swap beef for money, we are willing to throw in a lot of hard work extra."

After several weeks of waiting, during which the office force showed him much about banking he was able to board his boat for Houston, carrying his gold with him.

Arriving by stage in Weatherford, James Robertson Coets immediately constructed a vault in his home and to it put a safe with a combination, as he had learned in New Orleans. Here he kept his gold. And when others deposited their earnings with him, and he soon found himself making money.

And thus was born the Citizens National Bank of Weatherford, in 1898, with claims of being the oldest in the state north of San Antonio. It was nationalized in 1892.

Mrs. O. L. Cohorn of here and granddaughter, Janet Fox of Big Lake are visiting this week with her daughter, Mrs. T. C. Gabriel, in Jorgers.

Miss Fay Stice left Thursday for Texarkana to visit a month with her sister, Mrs. Robert F. Bryant, and family.

Mechanization of
Cotton Farming
Must Come Soon

Jones and Fisher County farmers, together with farmers in every part of the Cotton Belt, were told at Dallas last week that mechanization of cotton production is an economic necessity. Some pertinent facts on the matter were outlined by Edward A. O'Neal, president of the American Farm Bureau Federation. O'Neal, in an address prepared for delivery before the eighth annual National Research Congress, said: "If we are to hold our fair share of the world cotton market it is imperative that we get our costs of production down."

"Contrary to the general public impression," he added, "the mechanizing of cotton production is not just a matter of developing a successful cotton picker. That's just one of the operations, all of which must be mechanized. Flame throwing weeders are on the way and a successful mechanical cotton chopper is almost certainly in the offing."

"I know it's an economic necessity to mechanize cotton production. I know further that when economic necessity demands a machine to do a certain job, human ingenuity will find a way to develop that machine."

"There are those who predict dire things for the South if we do learn to grow cotton with a fraction of the labor force now required for it. Too many people will be thrown out of work, they said. I take no stands in such predictions. Similar arguments have been made against every labor-saving machine ever invented."

"Why anyone should want to retain the old system in the South is beyond my understanding. Farm facilities or the families in the South have averaged only about 40 per cent as much income as farm families in other regions. To me, the reason is plain. We have fallen behind the other regions in our technology. It is safe to say that within a very few years cotton will be produced generally with one-half or less of the man-labor now required under prevailing methods."

Watering of Lawn
Helps Cool House

Watering the lawn at night does more than make the grass grow, Hamlin area people were told this week.

It also helps keep houses cool the following day, according to Miss Margaret W. Weeks, dean of home economics at Texas Technological College at Lubbock. As a further aid to cool summer living, she suggested that windows be closed and shades pulled all the way down on the sunny side of the house during the day.

Everett Townley has been in Dallas this week buying merchandise for his store.

BOYCE HOUSE— "Gives You Texas"

There are those who scoff at sentiment saying it is unnecessary. Perhaps they are correct technically.

The world could get along without circuses but the heart of boyhood would miss something. And the world could do without music; and buildings could be flat

surfaces and blank walls and straight lines. ornamentation is not necessary. And we could do without paintings and statues.

By the same cold reasoning, we could do without dogs, too.

But why, may I ask these practical individuals?—Why do birds sing and why do flowers have a hundred colors and why do the stars glitter with silver fire?

Could it be that nature is wiser than these gentlemen?

Wholesale and Retail — Hamlin, Texas

For is it not true that man does not live by bread alone?

There is need for beauty in the world and the man who having eyes, sees it not is a pauper though he has millions.

Thoughts of the old home, of school days, of loving deeds of friends—all these we treasure; ideals, the little church in the field and the old songs, the memories of mother and dad these are sacred; and the hope of a happier life when this brief span is over—sentiment, you say? Yes, but who could live who would want to live, with out these treasures?

Sentiment is to the heart, what springtime is to the earth.

Lots of color in Hot Springs: The Western cafe is just that And there is the Honey Cane sweet shop Oscar Gloor's bakery trucks proclaim, "Be perspicacious; ask for Oscar's bread."

The shop has massive silver on spia, with signs, "From the collection of the Duke of Hamilton" and "From the collection of Princess Beatrice of Battenberg." It was the press associations' diamond anniversary and W. B. Folsom of the Brinkley Argus, as the oldest member of the press association in attendance was presented with a diamond from Arkansas' diamond mine, the only mine in North America.

When Millard Cope, publisher of the Marshall Messenger, was a boy, he lived at Sonora and used named from the fact that a no-to play in "Carver's thicket", notorious outlaw had been killed there.

The arrival of a new traveling man in the town always provided entertainment. Usually, kangaroo court was assembled and was solemnly placed on trial for some trumped-up offense and after he had been sufficiently alarmed, he was allowed to settle the case by buying drinks all around.

Another procedure was for a merchant to engage the "drum-

mer" in conversation at the foot of a stairway in the store, maneuvering so that the traveling salesman would be standing with his back to the stairs. Suddenly, there came a terrific noise and, looking around, the stranger saw a barrel bouncing down the steps toward him. The merchant, not being startled would wait till the last instant, then step to one side but the panick-stricken victim of the prank would run wildly from the store with the heavy barrel right at his heels.

The Trot Theater — where, would it be? In Cuero of course, the home of the "turkey trot." And as I was leaving Cuero shortly after dawn with a hop halfway across the state ahead of me, just beyond the city limits I heard a "gobble" from the grass beside the highway; a big gobbler gave an appropriate farewell.

Between San Augustine and Jasper, a sign points down a side-road, "Grist mill; runs Saturdays." The highway in this area offers plenty of scenery — the tallest magnolia trees I ever saw; a pool covered with water lilies in bloom; another pool covered with lavender flowers. Just east of Palestine is a lake that is the color of new steel and as one approaches San Augustine there are long, dense hedges thick with flowers—Cherokee roses.

D. A. Brown spent last week in Waco with his parents, Mr. and Mrs. W. W. Brown, and in Fort Worth with his sisters.

Mr. and Mrs. Bill Shira plan to leave Sunday for a vacation trip to the Rio Grande, Dallas, Tyler, Galveston and other points of interest in Texas.

Mrs. Cleo Barnett is spending this week in Brownfield.

Mr. and Mrs. Clyde Brown visited her mother in Aspermont during the week-end.

Five More Farms Sign for Soil Conservation Plan

Soil and moisture conservation plans were signed into agreements on five farms by the board of supervisors of the California Creek District at their regular meeting June 25.

These plan covering 1,050 acres of farm and ranch land were composed of the following: Cooper and Hardaway, Wilis Johnson, Jess Roberts and Fred Knippling.

Applications for district assistance were approved on three farms, according to J. F. McCulloch, chairman of the board. These requests came from farms in the following groups of the district: Fred Bueger, New Hope; H. R. Kloss, Oil Mill group; and Hamel Estate operated by Clarence Neinst of the Oil Mill group.

W. D. Baker of Anson has recently sold all of the cattle on his stock farm located Northeast of Anson and plans to defer his pastures the rest of the summer. This will allow the grass to increase in vigor and spread from re-seeding. A few years ago Baker contour furrowed one of the pastures on his farm. He said that this pasture had been overstocked with dairy cattle and was in a very poor condition before he contour furrowed it. The additional moisture held on the pasture was needed to maintain and increase the grass cover. The deferment permitted the grasses to become mature and more vigorous.

Baker also raised vetch and rye this year on his farm south of Lueders. He observed that grazing these crops, which are high in protein, was comparable to corn in increasing the weight of hogs.

Mr. and Mrs. W. H. Pickron Sr. left Tuesday on a vacation trip to Galveston, Carthage, Marshall, Henderson and other points in Texas and in Shreveport, Louisiana, where they will visit their son, Lt. and Mrs. W. H. Pickron Jr.

Mr. and Mrs. Weldon Hudson returned Sunday from a vacation trip to points in New Mexico and West Texas.

New Method of Caring for Silver

Home makers of the Hamlin area may bid goodbye to spending long and tedious hours polishing the family silver.

Flatware may be rendered gleaming in from two to five minutes by placing it in an old aluminum can and boiling it in a solution of one teaspoon of soda and one teaspoon of salt per quart of water, according to Miss Lola M. Drew, assistant professor of home economics at Texas Technological College at Lubbock. Each piece of silver should touch the pan while boiling.

Knives with hollow handles should not be polished in this manner, as the boiling water will loosen the cement, Miss Drew cautioned. Nor should silver with oxidized or French gray finishes be treated with this method, since chemical action of the solution and aluminum will remove the soft finish and make the entire piece shine brightly.

Here From Mississippi.

Mrs. J. Earle Glenn and daughter, Martha, and daughter-in-law, Mrs. Billy Glenn and daughter, Gloria, all of Corinth, Mississippi have been visiting Mrs. J. D. Farrow and Mrs. Tom McAllister, here, and Mrs. Glenn's mother, Mrs. C. C. Copenhaver, near Stamford.

Mr. and Mrs. Donald Bryant and family, and Mr. and Mrs. Ray Moss spent the week-end at Sherman with relatives and friends. Mrs. J. H. Eukett remained in Sherman for medical treatment.

Mr. and Mrs. Tommy Ellis of Abilene and his parents, Mr. and Mrs. Harry M. Ellis of Cleveland, Tennessee spent Sunday in the home of Mr. and Mrs. Bill Rountree.

Mr. and Mrs. Ben Towndley and Diane visited her parents, Mr. and Mrs. T. K. Wall, in Seymour during the week-end.

NOTICE

We will close Saturday Night, August 2nd for repairs and a rest. We will be open for business on Monday, August 18th.

Thank You!

Mrs. L.L. Cowan

"BOSS ...

\$2,346,854.87

* plus \$230,416.16

Ain't Hay!"

It's the yearly payroll of the employees of my Company, and they spend it right here in West Texas for food, clothing, and other living needs. In fact, everybody in the area we serve benefits from this payroll.

And, Boss, here's another point I want to make. For many years the employees of my business-managed, tax-paying Company have been building up a high-quality, low-cost service... this has helped to stimulate industry and general business in this area. As one of the pioneers, my Company has contributed much to the development of West Texas.

*Social benefits to employees paid for by the Company—Gift insurance, retirement annuity, hospitalization fund, etc.

West Texas Utilities Company

POT-SHOTS FROM McCAULEY

By GEORGE DARDEN

Mrs. J. A. Jackson sent us her check for a year's subscription to The Herald to be sent to J. I. Parker, Liberator Village, Box 5372, Fort Worth 8, Texas. Thanks.

A \$5 bill comes from Mrs. Etta Stephenson of Hamlin for the McCauley Cemetery Fund. Notice:

UNKLE HANK SEZ

IF YOU WANT TO BECOME A WRITER NOWADAYS-- ALL YOU HAVE TO DO IS SOME UNBELIEVABLE THING.

Would you believe that the JAY IMPLEMENT COMPANY is fast becoming known as the "first aid" station for tractors? Our stock of equipment and our fine repair department is complete. We have a full line of farm implements; and our prices are reasonable.

WE SELL **Kem-Tone**
MIRACLE WALL FINISH

Rockwell Bros. & Co.

Folks if interested in our cemetery your funds are needed.

Tom Adkins has been employed as caretaker for the McCauley Cemetery at the rate of 50 cents per hour for hours worked.

Better renew your Herald subscription from one to three years at old rate before August 1. After that date the rate will be 50 cents higher due to high cost of printing material.

The Church of Christ meeting at McCauley will last throughout this week with Minister Howard Peacock of Graham doing the preaching.

Rev. Armstrong who preached for the Methodist meeting last year will also preach during the revival this year. Date in later issue.

Concrete floors have been poured in the new Ed Mason gymnasium, and plans are to complete same by the time school opens.

The residence of John (the Baptist) and Reed and wife (colored) burned to the ground last Wednesday. An oil stove exploded and caused the fire. The residence was located across the street from the tin shack.

Mr. and Mrs. Carl Hunter from Fort Worth were visitors last week in the home of Melvin and Miss Ruth Hunter. Mr. Hunter and Mrs. Hunter have recently returned from a trip to New Mexico, Colorado and Utah where they have been on a vacation.

Bobby George Maberry is on his way home from Japan where he has been stationed with the Army of Occupation. He will get his discharge on arrival in the States.

O. T. Hennington renews their Herald for another year even though their subscription isn't out until January. Better take advantage folks, of the old price before August 1.

The George Darden family visited his brother and family Mr. and Mrs. Howard Darden in Lubbock over the week-end.

From the looks of the crowd, it seems that Eddie Jay got quite a play at the bar-b-q tables last Saturday. The new business is quite an asset to Hamlin.

A water well is being drilled in the back yard of Mr. Forbes (the ice man). Water wells are becoming numerous on the town site of McCauley whereas a few years ago there was no water.

Mr. and Mrs. R. L. Norris, former residents of McCauley are visiting for a few weeks in the home of a daughter, Mrs. W. T. Lawlis, and family.

Mr. and Mrs. Claudie Allen are the proud parents of a daughter. Mrs. Allen is the former Helen Smith of this community. They now make their home at Midland.

The McCauley boys and girls softball teams defeated the Celotex teams at McCauley field last Friday night. Both good games.

A good rain in these parts would be just what the doctor is looking for. Feed is needing a drink.

It looks like a wide open field—pertaining of course to just who will be nominated or selected by the Republican party to run for president. Tom Dewey, Taft, Stassen and perhaps dozens of others are jockeying for position. We kinda doubt if either can defeat Harry Truman. Harry has filled a big job exceptionally well and too labor is at the throats of the Republicans and thus far the road looks pretty rough for the G. O. P. Their party is always in power when we are unprepared for war. We need a huge Army or else.

The Sylvester girls softball team defeated the McCauley girls Tuesday night of last week to the tune of

12 to 2 on McCauley new lighted field.

Bud Lee who is stationed down in Mississippi with Uncle Sam's Army is home on leave for a few days with his parents, Mr. and Mrs. W. C. Lee. Also visiting in the Lee home are their daughter, Mrs. John Reynolds, and daughter from out New Mexico way.

T. J. Bailey deposits \$5 to the McCauley Cemetery fund. If you have not contributed please do it now!

Mr. and Mrs. Tom Prewitt of Tulsa and Mrs. Alvin Hemphill were Sunday guests in the W. B. Mayo home.

Visiting in the home of Mr. and Mrs. Ben Short last Thursday were Mr. and Mrs. Ollis Richards and Mr. and Mrs. John Wallace of Fort Worth. They are relatives of Mr. Short, and were enroute to visit the Carlsbad Caverns.

Mr. and Mrs. J. O. Sheid and Mr. and Mrs. Lewis Irion of Snyder visited the former's daughter, Mrs. J. T. Crawford and family Monday.

Mr. and Mrs. O. L. Jenkins and Mr. and Mrs. W. A. Norris and children visited last week-end with Mr. and Mrs. Earl Kiser at Seminole.

Mr. and Mrs. Henry Albritton and Mr. and Mrs. W. L. Boyer Jr. were in Hamlin on Sunday, New Mexico to spend several days.

Mr. and Mrs. Joe Culbertson have returned from a vacation in the Ozark Mountains. In California.

Mrs. H. A. McWright of Hamlin and her sister, Mr. and Mrs. Roy Gilbreath of Corps Christi, are visiting relatives and friends in Los Angeles and Belflower, California. Mrs. McWright will spend about three weeks there, and the Gilbreaths will spend a month there and in Oregon with their daughter. Mrs. McWright will return by bus.

CITATION BY PUBLICATION

The State of Texas. To Bessie Bradley, et al, all the unknown heirs assigns and or legal Representatives of Bessie Bradley, Deceased and unknown owners of the property hereinafter described.—Greeting:

You are commanded to appear and answer the plaintiff's petition at or before 10:00 o'clock a. m. of the first Monday after the expiration of 42 days from the date of issuance of this citation, the same being Monday the 25th day of August, A. D. 1947, at or before 10:00 o'clock a. m., before the honorable District Court of Jones County, at the courthouse in Anson, Texas.

Said plaintiff's petition was filed on the 7th day of April, 1947. The file number of said suit being No. 6871. The names of the parties in said suit are: Hamlin Independent School District as plaintiff, and Bessie Bradley, et al as defendant.

The nature of said suit being substantially as follows, to wit: To collect delinquent taxes justly due, owing and unpaid against the property described as follows, to wit. Being Lot No. 1, Block No. 43 of the Original Town of Hamlin, Jones County, Texas for the following years and in the months, 1919 to 1946 both inclusive together with penalties, interest and costs provided by law legally accruing thereon in the total amount of \$27.35.

Issued this the 14th day of July, 1947.

Given under my hand and seal of said court, at office in Texas, this the 14th day of July, A. D. 1947.—Leon Thurman, Clerk, District Court, Jones County, Texas. 38-4c

Valdemar Hansen Killed By Electrical Charge

Last Rites Held Friday for Young Denmark Native

Tragedy Occurs West of Hamlin

Valdemar V. Hansen was electrocuted while at work Thursday afternoon at the General Grude pump station, 10 miles west of Hamlin. Death came at 4:00 p. m., shortly after an electrical shock received while he was on top of a storage tank. He remained conscious for a short time after fellow workmen removed him from the top of the tank, but was pronounced dead upon arrival at a hospital in Rotan.

It was not known exactly how the accident happened but it was presumed that Hansen slipped and he grabbed the wire. The extremely high voltage it carried knocked him away from the wire and to the edge of the tank, it was said.

Funeral services were held at the First Baptist Church, of which he was a member, Friday afternoon at 2:00 o'clock with Rev. Bill Cravens, acting pastor, in charge. Interment was in East Cemetery.

The 29-year-old Hansen was a native of Denmark, and was in the Danish Navy when his native land was invaded by the Germans. He joined at the age of 14. Like many other young Europeans he came to the United States and was third mate for three years in the U. S. Merchant Marines.

When he first came to Hamlin he was an employee of Simpson's Fine Foods.

He is survived by his widow, the former Mary Lee White, daughter of Mr. and Mrs. Jack White of Hamlin, a three-month-old son, Tony, and two brothers and three sisters, his parents who live in Nakskel, Denmark. He hadn't seen them since 1939. His father is a captain in the Danish Merchant Fleet.

Jones County AAA To Resume Pay for Soil Conservation

Jones County AAA office has received notice from state headquarters that they should immediately resume the issuing of prior-approval for soil conservation practices, according to an announcement by Ariel Beaver, head of the office, which is located in Arson.

All farmers interested in carrying out approved practices are asked to contact the county office immediately.

The Senate appropriation committee last week restored the entire program of \$258,000,000 for benefit payments to farmers complying with plans of soil conservation and use program.

Hamlin All-Stars Enter District 10 Softball Tourney

Hamlin All-Stars, a softball aggregation made up of players from the member teams of the local softball league, have entered the District 10 American Legion Softball association tournament to be held at Stamford on July 28-August 2, according to officials of the local VFW sponsored league. Joe Meredith of Stamford is tournament director.

Entry lists will remain open until July 25, on which day the pairings will be made. Any teams interested in playing should contact Edd Terrell, phone 7, Stamford.

Teams from eight counties in the district will enter the tourney. Winners of the meet will be eligible to enter the state tournament at Wichita Falls August 15-17. Counties in the district include Taylor, Fisher, Van, Shackelford, Stephens, Callahan, Eastland and Jones.

Cash prizes will be given the winning ball clubs, to help them finance trips to the state meet.

23 Local Boys Attending Camp At Lueders Now

Hamlin is well represented at the Brotherhood and RA encampment being held at Lueders this week with 23 going. Only 25 would have been allowed from this church.

Rev. Bill Cravens and Bonnie Smith will be in charge of the local group.

Boys spending the entire period in camp are Boyce Irwin, Alfred Altum, Aubrey Altum, Clifton Town and Joe Allen Dean, Welder, and Ben Neidecken, Keith Miles, Claude Barnett, Douglas Koonce, Lee Altum, Jack Wright, Sam Vaughan, Terry Thomas, Joe Charles League, Aubrey Carpenter, Clarence Parker, Carl Bond, Nelson Lowe, Calvin and Alvin Steward and Robert Angel.

City Alderman Explains Water Problem to Lions

Hamlin's unusual growth of the past few years was pointed out as the main factor in the city's present water system troubles, members of Hamlin Lions Club were told by Alderman Ivy Witt Tuesday of this week.

Mr. Witt explained that Hamlin's water plant and distribution system had been designed for only a smaller town with what was thought to be adequate room for expansion. The town has long since outgrown the system and as a result water users suffer the consequences during summertime. At the present time only 700,000 gallons can be processed daily and only that amount comes from the new lakes each day. The amount cannot be increased he said and warned all to be conservative in the use of water.

A few weeks ago a plan of watering lawns was set up and it has been found of little help since most people try to use as much in one day as they normally would in two. The alderman pointed out that the city had underground storage of 130,000 gallons and that it was a constant battle to keep this and the 75,000 gallon overhead tank full and that part of the time it was impossible to keep the pressure up in mains. At the present time the city keeps 110,000 gallons in reserve at all times for firefighting and emergency. This amount will be kept on storage if it means no water at times for customers, it was said.

Witt pointed out that it was hoped by officials that materials would be available by next summer. Hamlin's problem is definitely one of processing facilities and not of the supply end, he emphasized.

The speaker was introduced by Edgar Duncan, program chairman.

Applications Being Taken for Place At Postoffice

United States Civil Service Commission announces an open competitive examination for probationary appointments to the position of substitute clerk and carrier for the Hamlin Postoffice, it has been announced by Postmaster Perry Sparks. Applications which can be obtained from Sparks, must be on file with the director of the 14th Civil Service Region, Dallas, not later than August 4. Entrance salary is \$1.04 per hour.

In making the announcement the Civil Service states that applicants must actually reside within the delivery of the Hamlin Postoffice or be bonafide patrons of such office. Examinations will be conducted at the postoffice. Veterans will be given preference in appointments, it was pointed out.

From Washington.

M-Sgt. and Mrs. Hoyt Hilton of Tacoma, Washington are home visiting Mr. and Mrs. Jack Gray and also points in Georgia and Tennessee. They will return next week to Washington, where M-Sgt. Hilton will resume his duties at Fort Lewis.

Hamlin To Be Represented at Lions Convention

WHEN HARDIN-SIMMONS University's famed six white horses are on parade down the main streets of San Francisco at the Lion International convention July 28-31, up on three of them will be this coed trio.

Left to right, they are: Doris Reid of Abilene, Jessie Myers of Hamlin, and June Brunk of Plainview. Miss Reid was selected champion cowgirl of the Texas Cowboy Reunion early this month in Stamford. Miss

Myers was the winning cowgirl of the Hardin-Simmons intercollegiate rodeo last spring. Hamlin Lions planning to attend the convention are I. R. Huchinson, Haskell Carter, Gordon Bennett and Jimmy Irwin.

Hamlin and Trent Play for Loop Title Friday Afternoon

Trent Ruled Out In 'Protest' by Loop Committee

Hamlin's Pied Pipers will journey to Merkel Friday afternoon for the game that will decide the first championship ever awarded baseball in the high school league organized as District 13-A this spring.

The Pipers will cross bats with the rent nine on neutral ground as neither team would consent to play on the home grounds of the other, it was said. Coach L. B. (Red) Howard stated that the game would start at 3:00 o'clock p. m. and urges all Hamlin fans to attend if possible.

In the championship go-round Hamlin won the first tilt 4 to 3 and Trent the second 14 to 5. The first game was played under protests and at a meeting of the district committee this week it was determined Trent's protest could not be upheld and Hamlin's 4-3 decision was made official.

Coach Howard expects to have his team at full strength this afternoon and the squad is confident they will bring the home back to Hamlin tonight (Friday).

Plainview Youth First Victim of Polio In County

Brown Thackerson, 17-year-old resident of the Plainview community, 10 miles east of Hamlin, died at a hospital in Abilene Saturday after being stricken with poliomyelitis at his home Monday of last week.

The son of Mr. and Mrs. B. E. Thackerson who operate a store at Plainview, the lad was taken first to a Stamford hospital and later in the week removed to Abilene where it was definitely determined he had infantile paralysis. He was thought to be greatly improved Friday, but later became worse.

A graduate of Anson High School in 1946, he lived with his parents and had farmed and driven a truck. A native Texan, he had lived in Jones County since two years of age.

Funeral services were held at Corinth Baptist Church Sunday afternoon with the Rev. Fred Moreland in charge. Interment was in Fairview Cemetery.

Survivors include his parents, a sister, Mrs. Tony Jones of Radium and his two grandfathers.

Farm Commodities Steady to Strong; Cotton Going High, Later Losing Ground

Rev. M. G. Jobe To Speak Here To Nazarene

Rev. M. G. Jobe, former pastor of the First Church of the Nazarene in Fort Worth, will be the guest speaker at the local church at the Sunday morning service, Rev. J. J. Crawford, pastor, has announced.

Rev. Jobe is now doing evangelistic work and lives in Bethany, Oklahoma.

Sunday School begins at 9:45 a. m. and the morning preaching service is at 11:00 a. m. The junior and young people's meeting begins at 7:15 p. m. and the evening service at 8:00 p. m. A cordial invitation to any or all services is extended to the public.

Singing On Sunday.

Regular monthly singing will be held at the Calvary Baptist Church Sunday afternoon, beginning at 2:30 o'clock p. m. Georgia Nunn has announced.

Start New Home.

Work was started this week on a modern, new ranch-style home for Dr. and Mrs. J. W. McCrary on the property west of his office building. They have recently sold their home on North Central Avenue.

Many southwest farm markets developed easy spots last week, although the general trend of most commodities continued steady to strong, according to the report received by The Herald from the Production and Marketing Administration, United States Department of Agriculture.

Cotton climbed to 20 year record levels of around 39 cents per pound or more last mid-week, but dropped back by Friday for net losses of \$3 to \$10 per bale. Spot activity increased, as new crop harvest progressed well in South Texas.

Winter wheat harvest made rapid progress in the Great Plains area last week. Inadequate transportation and storage forced millions of bushels to be piled up on the ground in Texas, Oklahoma and Kansas. Heavy buying for export held losses to six cents. Friday's price stood near \$23.75 per bushel for No. 1 hard at Fort Worth and Galveston. Corn eased under favorable weather reports; and sorghums dropped 15 cents.

Best candled eggs sold firm to slightly stronger last week. Easier undertone developed on current receipts and under grades following government announcement discontinuing purchases of dried and frozen eggs after July. Poultry held about steady. Heavy hens sold at 23 to 25 cents per pound at Fort Worth and Dallas.

Cattle prices receded late last week from mid-week highs.

First 1947 Maize Arrives In Hamlin

First 1947 milo maize from this year's crop was brought to the Hamlin market Wednesday of this week and brought \$2.50 per 100 pounds, according to L. H. McBride, local grain dealer who handled the deal.

The new crop maize was brought in by Tom Coker of the Plainview community, east of town and it graded good No. 2, 53 pounds to the bushel. It was yielding well, Coker reported.

Coker and McBride teamed up for first honors for the second consecutive year. Last year Coker brought

in the first load, graded No. 1 and was brought in on July 15, a week earlier than this year. This year's first sale, however, is considered to be fairly early.

Maize in this territory is needing rain badly, according to most area growers contacted. Present crop now ready for harvest would be unaffected, but it is said later plantings would probably produce a good yield if rain comes soon. The section east of Hamlin is going to produce lots of maize, according to local observers, but most of the area west and north of the city will have a very short crop.

Round Top Offset, Radium Wildcat In Oil Spotlight

Softball Teams Continue Battle For Top Spots

Members of the Hamlin Softball League continued to unreel some hard-fought games this week with none of the teams climbing out of their positions of last week. General Crude Oilers hold tight to first place with their nearest opponent, Wise Chapel, more than a 100 per cent points behind.

Besides league games the softballers found time to play another Abilene team, the All-Stars walloping the Barq's nine, 7 to 1. This Saturday night pits the All-Stars against the Stamford team and the Hamlin Boy Scouts vs. the Stamford Scouts.

Results of the past week are: Thursday night, Hamlin girls 13, Neinda girls 3 and VFW 8, Celotex 2; Friday night, Wise Chapel 5, Sylvester 2; Monday night, Celotex girls 3, Hamlin 2 and VFW 6; General Crude 3; Tuesday night, Wise Chapel 14, Celotex 2.

Schedule for the following week: Friday—Junior boys game and VFW vs. Wise Chapel.

Monday—Hamlin girls vs. Neinda girls and Celotex vs. General Crude.

Tuesday—Junior boys game and Sylvester vs. VFW.

Thursday—Celotex girls vs. Wise Chapel girls and General Crude vs. Wise Chapel.

Official league standings through Tuesday night games follow:

Team	W	L	Pct.
General Crude	19	3	.863
Wise Chapel	18	6	.750
VFW	14	10	.584
Sylvester	11	11	.500
Celotex	9	14	.469

One Week Remains To Secure Herald At \$1.50 Rate

One week remains for Herald subscribers, both old and new, to secure the paper for the old rate of \$1.50 per year. Originally announced to expire on August 1, The Herald management has extended the time through Saturday night, August 2. Mail subscriptions postmarked prior to midnight of that date will be accepted at the old rate. It was decided to give the additional time so week-end shoppers could take advantage of it. There will positively be no further extension.

Hundreds are taking advantage of the offer made during the present campaign, which opened on July 3. A number of new readers have been added to the list.

As a reminder, the present rate is \$1.50 per year in Jones, Fisher, Haskell and Stonewall Counties and is \$2 per year elsewhere. After August 2 it will be \$2 and \$2.50. Until August 2 renewals will be taken for as long as three years at the old price.

As previously stated, the moderate hike in price is necessary to offset increased costs of paper, ink and the other production costs.

Don't forget—August 2 is the deadline and we're being fair by allowing three-year advance renewals.

Ice Being Made At Banner Plant

Machinery which has been installed at the local plant of the Banner Creamery is now in operation and ice is being manufactured this week. It is thought the first ice for commercial sale would be "pulled" sometime Thursday or Friday.

Workmen have been hard at work the past week or 10 days putting the finishing touches on the new 15-ton plant and getting everything in readiness.

Outside of the building is being refinished and when completed will be attractive addition to Hamlin's business section.

North Offset In Fisher County Now Making Hole

Most Sections In Area Very Active

Oil spotlight in this section of Central West Texas was turned on two tests in the Hamlin area this week. In Fisher County drilling got underway on a north extension try in the Round Top field, 10 miles west and a wildcat is rigging up for a new Jones County test west of Radium and about eight miles south-east of Hamlin.

The Round Top offset is in the new reef production area and is the Ellis Hall No. 3-A J. B. Terrell, a 6,000 foot rotary job 330 feet from the south and 1,320 feet from the east line of the northwest quarter of section 30 H & TC Survey.

The pool, which was opened by Hall a few months ago, was recently extended a quarter mile to the south by the Texas Company and one location to the east by the Hall No. 3 Terrell. Hall had previously filed location for the No. 3 Terrell as a north offset to the Texas Company well, but is to drill the north location first.

Material was moved in during the week-end and crews are now rigging up for start of work on a new Jones County wildcat two and half miles west of Radium and three miles to the northwest of production in the Chittenden Ranch. It is about eight or nine miles from Hamlin.

The test will be the Signal Oil & Gas Company, No. 1 M. E. Carothers, 330 feet from south and east lines of subdivision 4 McMullen & McGloin survey league 336. Permit is for 4,500 feet with rotary.

Starting date had not been set late in the week for the Texas Company's proposed deep test 15 miles southwest of Anson, the No. 1 J. Herring. It is on permit for 5,400 feet with rotary.

Installation of pumping equipment was being completed on the Roark, Hooker and Roark No. 1 Lillie P. Brown, Palo Pinto production in the Pitzer Strawn field six miles north of Merkel, which was estimated at 95 barrels per day on the basis of swabbing tests.

In the same area, top of the Strawn section is due early this week on the Roark, Hooker & Roark No. 3 E. T. Pitzer, southeast out-post to the pool. It was drilling below 4,100 feet, with the Strawn pay expected at about 4,500.

Two locations, out of the east side and the other on the west side, have been made for the Jones-Taylor County Reddin field.

West Central Drilling Company, et al are to drill the No. 6 S. M. Reddin and on the west side of the field, Bailey Balken is to drill the No. 3 R. E. Harris, 2,700 foot rotary project. It is a twin well to his No. 2 Harris which was lost several months ago because of a junked hole.

Three miles northwest of Noodle, drilling has progressed below 1,700 feet on the new Strawn test Delhi Oil Corporation, No. 1 August Neuman et al. Permit is for 4,500 feet with rotary.

Five miles southwest of Hamlin, in the Royston field, General Crude is preparing to test to 4,500 feet with rotary tools. The well is staked as the No. 1 B. F. Williams, a west-edge location 658 feet from the west and 661 feet from the south line of the east half of section 207, block 1, BEB & C Survey.

Roy L. Maynard Attends School In Indiana Factory

Among the group who attended the Perfect Circle Corporation's Automotive Clinic for the Doctor of Motors at Hagerstown, Indiana, on July 14 15 and 16 was Roy L. Maynard of Hamlin Motor Company.

As a result of the special training acquired each man who qualified was granted a certificate as a Doctor of Motors, Master Grade.

'Tween Me and my Typewriter

by Jeanelle Bryant

"I like to see a man proud of the place in which he lives. I like to see a man so live that his place is proud of him." Those words were spoken by Abraham Lincoln, and there is a lot of truth in those lines. Are you proud of your hometown, and on the other hand, is Hamlin proud of you? Have you had a part in making this the "Biggest Little Town in West Texas"? If you have lived here very many years, and can not

point with pride to some worthwhile deed or idea that has made this a finer place in which to live and rear a family, then it is time you do something. Hamlin is a wonderful town in which to live, but we must ever strive for greater improvements. We must never be satisfied to sit back and do nothing. If you have any new ideas about improving Hamlin, tell it to the city officials or the Chamber of Commerce. They welcome suggestions or constructive criticism.

There has been a heavy drain on limited water pressure since the hot dry weather, and the residents have been asked to cooperate by watering grass, flowers and shrubbery only on certain days of the week. This voluntary rationing plan has lacked support of many people and at times the pressure has been extremely low.

At one time in downtown Hamlin there simply wasn't any water to be obtained from the pipes. This can not be remedied except through you, Mr. and Mrs. John Q. Public.

"What are we going to name them?" was the \$64 question in the Reynolds-Stell families last Monday and Tuesday after the arrival of twin daughters to Cliff Jr. and Lois Ellen Reynolds. It was a great decision but they finally decided on Marolyn and Carolyn, both very pretty names.

Have you ever read the editor's beatitudes? Naturally, we like 'em, so here they are:

Blessed are the merchants who advertise, because they believe in it and their business, for their prosperity shall increase many fold.

Blessed are the country correspondents who send in their well written items every week, for some of their friendly neighborhood shall go abroad in the land.

Blessed is the woman who sends in a written account of a party or wedding, for she shall see the details of the functions and the names of her guests correctly reported.

Blessed are those who do not expect the editor to know everything. But who call and tell him when an interesting event occurs to them, for they shall have a newsy paper in their town.

Blessed are they who get their copy in early, for they shall occupy a warm place in the editor's heart.

Blessed are those who cooperate with the editor in his efforts of the community, for their town shall be known far and wide as a good place in which to live.

Saw some of those gliders ride the air currents at Sheppard Field Sunday afternoon. It is a beautiful sport and makes one stand in awe and marvel at the many acrobatic stunts those pilots can do. We saw books being autographed by several pilots. We didn't know the signers but if we had been carrying a book we would have asked for a signature and later identified the famous personality. We hate to miss out on anything.

Jessie Myers is going to California with the Hardin-Simmons University Band to the international convention of Lions Club. She will ride in the parade down the main streets of San Francisco. Again Hamlin should bow to Miss Myers. Three Hamlin Lions will also be at the convention.

That feeling you have on Monday

morning after a 250 mile week-end trip is very similar to a hang-over or so they tell us. That is one reason we are convinced we'll stay on the water wagon.

Way out on a stretch of country road we noticed over the door of a filling station this sign, "Curb Service." We never were able to locate the curb to which they referred.

If you haven't visited Wichita Falls recently, you may not have seen the several beer and liquor stores with the title "Kickapoo" Comic readers will readily surmise they derived that name from the famous Kickapoo Joy Juice of Lil' Abner fame. We don't think it was such a wise choice, if the products sold inside make one act in the fashion those who drink the stuff in the comic strip. They probably do just that too!

Have you seen those new darker shades of ladies' hose in the popular blacks, blues and gun metals? Just as we are against the longer skirts, so we oppose the dark hose, but womanlike we will be foolish enough to wear what all the other women do. If the skirts continue to drop, the stockings won't be visible anyway.

Hamlin Youth On NTSTC Dean's List

P. A. Fowler, son of Dr. and Mrs. P. A. Fowler of Hamlin, is among 441 upperclassmen named this week to the dean's honor list for the summer semester at North Texas State College.

The dean's list is composed of the names of all upperclassmen who attended the college the previous semester and were accredited with at least 12 semester hours with an average grade of B and no grade lower than C.

Inclusion on the list permits the students to miss classes without suffering grade point penalties and to have access to the stacks in the NTSC library.

Mr. and Mrs. Tate May have returned home after a two-week vacation trip to Dallas and the Ozark Mountains.

Agent Gives Pointers On Care of Towels

Although towels in Hamlin and area stores are gradually getting back to normal in numbers, the quality and sometimes the quantity desired are not easy to find.

Miss Loretta Allen, Jones County home demonstration agent, has several suggestions that will make towels last longer.

One way, Miss Allen points out, is to rotate the supply, and another way is to refrain from using the same towels over and over. When towels are returned from the laundry, place them on the bottom of the stack.

If towels are stored for a long time without being washed, the fabric may deteriorate. Smoke, dust and moisture from the air combine to weaken cotton.

When washing towels, the county home demonstration agent says it is wise to dilute a bleach if one is used. Too strong a bleach will weaken fabrics. Drying towels in the sunshine is an excellent way to bleach them, but they should be brought in as soon as dry.

If towels are left on a clothes line after drying the wind loosens the yarns at the corners and causes them to fray. In case this happens, is to rotate the supply, and another way, Miss Allen says, several rows of stitches along the edge will check the fraying.

Miss Allen warns against ironing Turkish towels. She declares ironing mats the loops and the result is less absorbency. Ironing face

and dish towels is permitted, but folding should be done by hand.

Another trick in saving those precious towels is to fold them differently at times. This prevents too much wear at any one spot and keeps the towels from splitting along the creases.

Mary Jo Hendricks returned to Dallas after spending several weeks here with her aunt, Mrs. D. A. Brown and family.

Miss Lola Miller has returned to her home in San Angelo after a visit here with Mr. and Mrs. R. L. Dean.

Alton Dean at the Veterans' Hospital at Waco Friday.

SOCIETY

Troth of Louise Daniel and William Roy Page Revealed

Announcing the betrothal of Miss Louise Daniel and William Roy (Buddy) Page, Mrs. G. A. Daniel of Hamlin was hostess at a tea Friday in the home of Mr. and Mrs. George W. Page, in Abilene.

Card favors embossed with blue ribbons named the wedding date as August 1. Dr. Earl G. Hamlett will read the ceremony at the St. Paul Methodist Church in Abilene, with Dr. Millard A. Jenkins assisting.

Beverly Balfanz, Mrs. Orville Rumsch and Mrs. Irving Cumble Jr. will attend the bride, who will be given in marriage by her father. The bridegroom's father will serve as best man, and Orville Rumsch, Truett Daniel, Paul T. Bailey Jr. and Irving Cumble Jr. will be ushers. Lester Morton of here will sing. Mrs. Lora Turner received the guests at the tea, and Mrs. Daniel presented her daughter. Others in

the receiving line were Mrs. George W. Page, mother of the groom-elect Mrs. Rumsch, Miss Balfanz and Mrs. Cumble.

In the dining room, Mrs. Claude Robertson and Mrs. O. L. Page were in charge of the punch bowl with Mrs. Mac Fullerton, Wanda Fair and Mrs. Wendell Barber, assisting. Donness Balch presented announcement favors. Patsy Petty asked the guests into the registry room, and Mrs. Claude Hoffman said goodbyes. Nuptial music was given by Orleanor Dellis and Mrs. Eddie Prock.

Yellow, blue and white were used in the color scheme, with a wishing well in the center of the refreshment table. Guests dropped pennies in the well as they made wishes for the couple. White gladioluses formed the background for the well, which centered a miniature rock-ledge garden. A doll in wedding dress on the mantel and summer flowers of yellow, blue and white were used to decorate the reception rooms.

About 287 guests registered during the appointed time.

Reynolds-Parrish Families Have Reunion Here

Members of the Reynolds and Parrish families had a reunion at the Hamlin City Park Tuesday, July 15. Delicious barbecue was served at noon.

Those attending were: Mrs. W. S. Reynolds, Mr. and Mrs. Ralpheg Reynolds and children, Larry Alene, Gordon and Warren, Mr. and Mrs. M. S. Johnson and sons, Milton, Ralph, Marvin and Dennis, Mrs. Pearl E. Smith, Mr. and Mrs. R. M. Young, and Richard Jr., Mr. and Mrs. Bill Smith and sons, Raley and Stanley, Miss Sue Jones, all of Hamlin; Mr. and Mrs. David Parrish and Alvis, Mr. and Mrs. Jim Parrish and nephew, and Sam Parrish, all of Moran; Mr. and Mrs. Bill Raymond and daughter, Linda of Abilene; Mr. and Mrs. Dub Mashburn and J. P. Mashburn of San Angelo; Miss Margaret Carr of Abilene; Weldon Reynolds, Mrs. Roland Maleik and son, Mike of Lubbock, Mr. and Mrs. Bert Reynolds and daughter, Linda, all of Clovis, New Mexico; Mrs. Jim Vaughan, of Trinity; Mr. and Mrs. J. S. Staton of Sweetwater; Mr. and Mrs. W. C. Lee, Mr. and Mrs. Mack Reynolds, Billie and Roberta Reynolds all of McCaulley.

Mr. and Mrs. John C. Bryant and her parents, Mr. and Mrs. C. P. Amerson left this week for a visit in St. Louis and other points in Missouri.

Mr. and Mrs. Joe Culbertson have returned from a vacation in the Ozark Mountains.

Mrs. John R. Howell, Mrs. A. G. Irwin and son, Boyce and Mrs. Donald Bryant were in Abilene Friday.

Mr. and Mrs. Henry Albritton and Mr. and Mrs. W. L. Boyd, Jr. left Thursday for Ruidoso, New Mexico to spend several days.

Lain-Buie Vows Read At Baptist Church Sunday

Quita Floyd Lain, only daughter of Mr. and Mrs. J. C. Lain of Anson, and Roy Buie, son of Mrs. Corine Buie of Fort Worth, were united in marriage in a double-ring ceremony at 8:00 o'clock Sunday morning, July 20, at the Hamlin First Baptist Church.

Rev. Henry Chambers, pastor of the First Baptist Church of Anson read nuptial vows before an arch of fern and lavender and white asters. At either side of the altar stood floor baskets containing the same type of flowers.

Lester Morton, uncle of the bride sang "At Dawning" accompanied by Mrs. Morton at the organ, who played the traditional wedding marches and "Moonlight Sonata" softly during the ceremony.

Mrs. Lavelle Brown of Snyder was matron of honor. She wore a charming blue and white dress and carried purple asters.

Bridesmaids were Mary Lou Burford of Fort Worth and Angies Morton, Hamlin. They wore identical dresses of orchid satin and carried orchid asters.

Warren Ross of Fort Worth attended the bridegroom as best man. Sam Westbrook and Dale Lain served as ushers.

The bride, given in marriage by her father, wore a white duchess satin gown fashioned with high neckline edged in lace, and lace insets forming a panel from the bodice to the hem. Her full length veil of illusion was attached to a halo-embroidered in seed pearls. She carried a white orchid with white carnations on a white Bible, borrowed from her aunt, Angies Morton. For something old, she wore a cameo ring belonging to her grandmother, Mrs. J. H. Morton.

Immediately following the ceremony, the bride's grandparents, Mr. and Mrs. J. H. Morton, were hosts at a reception in their home here. The bride's chosen colors of lavender and green were used in decorating the reception rooms.

Mrs. Ernest Glazner of Anson laded the punch and Mrs. J. R. Fielder of Abilene served the three-tiered wedding cake.

For traveling, Mrs. Buie chose a brown and white striped seersucker suit with white pique collar and cuffs, and she wore a white straw off-the-face hat trimmed in brown.

After a trip to Ruidoso, New Mexico, Mr. and Mrs. Buie will be at home in Fort Worth, where he is employed in the sporting goods business.

Mrs. Buie is a graduate of Anson High School and North Texas State Teachers College at Denton, where she majored in Public School Music. She has taught in the Midland and Fort Worth schools.

Mr. Buie is a graduate of a Fort Worth high school and attended North Texas Agricultural College in Arlington.

CARD OF THANKS

We are truly grateful to all our friends and neighbors for their many expressions of sympathy shown us in the loss of our husband, father, and son. In our saddest hours of grief, your loving kindness and sympathy have been a great consolation to our hearts.—Mrs. Val Hansen and son, Mr. and Mrs. Jack White and family, Mr. and Mrs. Bill Thompson and family. 1p

Mrs. S. D. McMahon and niece, Miss Robbie Sparks, are in Dallas this week.

How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

- 1 Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.
- 2 Started 3 days before "your time," it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did.

LOOK INTO this 2-way help

CARDUI

Baptist TEL Class Has Pot Luck Supper

Members of the TEL Sunday School Class of the First Baptist Church enjoyed a "Pot Luck" picnic last Tuesday evening at the city park.

A nice variety of foods were brought. Roll call was answered with each member relating the most thrilling experience of her life. Lots of fun was derived from this unique roll call. Every member is urged to attend the next meeting and be prepared to give her most embarrassing moment.

Fifteen members and one visitor attended the picnic.

The next monthly social will be held the first Tuesday night in August.

Mr. and Mrs. Claud Bessire are on a vacation trip to points in West Texas on the plains.

Mr. and Mrs. J. E. Williams of Breckenridge visited Mr. and Mrs. George W. Miller during the weekend.

Special Sunday BTU Program Being Planned

Three students from Hardin-Simmons University will have charge of a special missionary program during the Training Union hour at the First Baptist Church Sunday evening, Rev. Bill Cravens, pastor, has announced.

Mori Hiratani, James Steed and Gilbert Gima, all exchange students from Hawaii, will present the program to all the adult classes.

"Even though you may not regularly attend BTU, you are invited to hear these young men," it was

stated. BTU begins at 7:00 o'clock p. m.

Durwood Locke visited his sister, Mrs. W. (Red) Wallace here between semesters at Texas Tech, where he is attending.

Seh Neill is now employed Ouessa.

Again Hold Revival
At McCaulley Church

Dr. W. Y. Pond, one of Texas Baptists' officially named state evangelists, will do the preaching again this summer at the annual revival of the McCaulley Baptist Church according to an announcement by the pastor, Rev. C. E. Dick. Stanley Jackson will be in charge of the music.

These men conducted a very successful meeting for the McCaulley Church last August and Rev. Dick feels very happy about securing their services again.

The series of services starts on Sunday, August 3, and continues on through August 17. Services will be at 8:00 p. m. each night.

Clarence Lassiter of McMurry College in Abilene spent the week-end here with his parents, Mr. and Mrs. W. F. Lassiter.

TRUE STORIES OF WEST TEXAS

'A Trail Driver Turns
Banker'By N. H. Kincaid, 2618 Hickory St.,
Abilene, Texas) (Copyrighted)

Cattlemen from West Texas started at the teeming, steaming Mississippi Gulf port with interest. Scarcely two years had passed since the close of the Civil War but the waterfront was alive with bustling activity. One big English freighter and several river packets had just come in and little barefoot darkies were starting here and there among the disembarking passengers, eagerly soliciting trade for the waiting cabbies.

Choosing to be among the last to leave the packet, the young trail driver had time to select his kab carefully. Etnering, he kept his bag by his side and gave his destination as the Canal Bank.

The West Texan found the New Orleans bank officials most cooperative. Explaining that he wished to leave his \$50,000 with them only while awaiting a boat to Houston, they agreed to keep it for him. The money was in \$20 gold pieces, fresh from the mints of California, and weighed 200 pounds.

As Bob Coats handed over the heavy bags of clinking coins, he thought of the herd of longhorns and the long months of trail breaking that had entered into the experience. Gone from home a year now, he had wintered his herd in the snows of the Rockies, and sold it and all his equipment early this spring. One of his cowhands had died of pneumonia; the others had continued the drive into California for the new owner.

Couts had decided it safer to return alone home rather than hire a stranger to help guard him and his gold. Traveling with pack horses and his own trusted gun and 45, he again crossed the Great Divide. Traversing uninhabited valleys and following the general course of the Platte River hundreds of miles to the head of navigation on the Missouri, he there boarded a river boat to St. Louis, and thence to New Orleans.

"Yes sir," Couts said with satisfaction, "when we folks in Texas swap beef for money, we are willing to throw in a lot of hard work extra."

After several weeks of waiting, during which the office force showed him much about banking, he was able to board his boat for Houston, carrying his gold with him.

Arriving by stage in Weatherford, James Robertson Couts immediately constructed a vault in his home and to it put a safe with a combination, as he had learned in New Orleans. Here he kept his gold. And when others deposited their earnings with him, and he soon found himself making money.

And thus was born the Citizens National Bank of Weatherford, in 1898, with claims of being the oldest in the state north of San Antonio. It was nationalized in 1892.

Mrs. O. L. Cohorn of here and granddaughter, Janet Fox of Big Lake are visiting this week with her daughter, Mrs. T. C. Gabriel, in Jorgor.

War Fay Stice left Thursday for Texarkana to visit a month with her sister, Mrs. Robert F. Bryant, and family.

Cotton Farming
Must Come Soon

Jones and Fisher County farmers, together with farmers in every part of the Cotton Belt, were told at Dallas last week that mechanization of cotton production is an economic necessity. Some pertinent facts on the matter were outlined by Edward A. O'Neal, president of the American Farm Bureau Federation.

O'Neal, in an address prepared for delivery before the eighth annual National Research Congress, said: "If we are to hold our fair share of the world cotton market it is imperative that we get our costs of production down."

"Contrary to the general public impression," he added, "the mechanization of cotton production is not just a matter of developing a successful cotton picker. That's just one of the operations, all of which must be mechanized. Flame throwing weeders are on the way and a successful mechanical cotton chopper is almost certainly in the offing."

"I know it's an economic necessity to mechanize cotton production. I know further that when economic necessity demands a machine to do a certain job, human ingenuity will find a way to develop that machine."

"There are those who predict dire things for the South if we do learn to grow cotton with a fraction of the labor force now required for it. Too many people will be thrown out of work, they said. I take no stands in such predictions. Similar arguments have been made against every labor-saving machine ever invented."

"Why anyone should want to retain the old system in the South is beyond my understanding. Farm facilities or the families in the South have averaged only about 40 per cent as much income as farm families in other regions. To me, the reason is plain. We have fallen behind the other regions in our technology. It is safe to say that within a very few years cotton will be produced generally with one-half or less of the man-labor now required under prevailing methods."

Watering of Lawn
Helps Cool House

Watering the lawn at night does more than make the grass grow, Hamlin area people were told this week.

It also helps keep houses cool the following day, according to Miss Margaret W. Weeks, dean of home economics at Texas Technological College at Lubbock. As a further aid to cool summer living, she suggested that windows be closed and shades pulled all the way down on the sunny side of the house during the day.

Everett Townley has been in Dallas this week buying merchandise for his store.

BOYCE HOUSE—
"Gives You Texas"

There are those who scoff at sentiment saying it is unnecessary. Perhaps they are correct technically.

The world could get along without circuses but the heart of boyhood would miss something. And the world could do without music; and buildings could be flat surfaces and blank walls and straight lines; ornamentation is not necessary. And we could do without paintings and statues.

By the same cold reasoning, we could do without dogs, too.

But why, may I ask these practical individuals?—Why do birds sing and why do flowers have a hundred colors and why do the stars glitter with silver fire?

Could it be that nature is wiser than these gentlemen?

Wholesale and Retail — Hamlin, Texas

For is it not true that man does not live by bread alone?

There is need for beauty in the world and the man who having eyes, sees it not is a pauper though he has millions.

Thoughts of the old home, of school days, of loving deeds of friends—all these we treasure; ideals, the little church in the mile and the old songs, the memories of mother and dad these are sacred; and the hope of a happier life when this brief span is over—sentiment, you say? Yes, but who could live who would want to live, with out these treasures?

Sentiment is to the heart what springtime is to the earth.

Lots of color in Hot Springs: The Western cafe is just that. And there is the Honey Cule sweet shop Oscar Gloor's bakery trucks proclaim, "Be perspicacious; ask for Oscar's bread."

The shop has massive silver on spia, with signs, "From the collection of the Duke of Hamilton" and "From the collection of Princess Beatrice of Battenberg." It was the press associations' diamond anniversary and W. B. Folsom of the Brinkley Argus, as the oldest member of the press association in attendance was presented with a diamond from Arkansas' diamond mine, the only mine is North America.

When Millard Cope, publisher of the Marshall Messenger, was a boy, he lived at Sonora and used named from the fact that a no-to play in "Carver's thicket", so-torious outlaw had been killed there.

The arrival of a new traveling man in the town always provided entertainment. Usually, kangaroo court was assembled and was solemnly placed on trial for some trumped-up offense and after he had been sufficiently alarmed, he was allowed to settle the case by buying drinks all around.

Another procedure was for a merchant to engage the "drummer" in conversation at the foot of a stairway in the store, maneuvering so that the traveling salesman would be standing with his back to the stairs. Suddenly, there came a terrific noise and, looking around, the stranger saw a barrel bouncing down the steps toward him. The merchant, not being startled would wait till the last instant, then step to one side but the panick-stricken victim of the prank would run wildly from the store with the heavy barrel right at his heels.

The Trot Theater — where, would it be? In Cuero of course, the home of the "turkey trot." And as I was leaving Cuero shortly after dawn with a hop halfway across the state ahead of me, just beyond the city limits I heard a "gobble" from the grass beside the highway; a big gobbler gave an appropriate farewell.

Between San Augustine and Jasper, a sign points down a side-road, "Grist mill; runs Saturdays." The highway in this area offers plenty of scenery — the tallest magnolia trees I ever saw; a pool covered with water lilies in bloom; another pool covered with lavender flowers. Just east of Palestine is a lake that is the color of new steel and as one approaches San Augustine there are long, dense hedges thick with flowers—Cherokee roses.

D. A. Brown spent last week in Waco with his parents, Mr. and Mrs. W. W. Brown, and in Fort Worth with his sisters.

Mr. and Mrs. Bill Shira plan to leave Sunday for a vacation trip to the Rio Grande, Dallas, Tyler, Galveston and other points of interest in Texas.

Mrs. Clee Barnett is spending this week in Brownfield.

Mr. and Mrs. Clyde Brown visited her mother in Aspermont during the week-end.

Five More Farms Sign for Soil Conservation Plan

Soil and moisture conservation plans were signed into agreements on five farms by the board of supervisors of the California Creek District at their regular meeting June 25.

These plan covering 1,050 res of farm and ranch land were composed of the following: Cooper and Hardaway, Wilks Johnson, Jess Roberts and Fred Knippling.

Applications for district assistance were approved on three farms, according to J. F. McCulloch, chairman of the board. These requests came from farms in the following groups of the district: Fred Buerger, New Hope; H. R. Kloss, Oil Mill group; and Hamel Estate operated by Clarence Neinaast of the Oil Mill group.

W. D. Baker of Anson has recently sold all of the cattle on his stock farm located Northeast of Anson and plans to defer his pastures the rest of the summer. This will allow the grass to increase in vigor and spread from re-seeding. A few years ago Baker contour furrowed one of the pastures on his farm. He said that this pasture had been overstocked with dairy cattle and was in a very poor condition before he contour furrowed it. The additional moisture held on the pasture was needed to maintain and increase the grass cover. The deferment permitted the grasses to become mature and more vigorous.

Baker also raised vetch and rye this year on his farm south of Lueders. He observed that grazing these crops, which are high in protein, was comparable to corn in increasing the weight of hogs.

Mr. and Mrs. W. H. Pickron Sr. left Tuesday on a vacation trip to Galveston, Carthage, Marshall, Henderson and other points in Texas and in Shreveport, Louisiana, where they will visit their son, Lt. and Mrs. W. H. Pickron Jr.

Mr. and Mrs. Emmitt Morris of Austin and their daughter, Mrs. Bob Shelton of Nacogdoches spent two days here last week with Mrs. G. L. Barnett. The group and Mrs. Barnett visited friends and relatives in Snyder and Lubbock also.

Mr. and Mrs. Weldon Hudson returned Sunday from a vacation trip to points in New Mexico and West Texas.

New Method of Caring for Silver

Home makers of the Hamlin area may bid goodbye to spending long and tedious hours polishing the family silver.

Flatware may be rendered gleaming in from two to five minutes by placing it in an old aluminum can and boiling it in a solution of one teaspoon of soda and one teaspoon of salt per quart of water, according to Miss Lola M. Drew, assistant professor of home economics at Texas Technological College at Lubbock. Each piece of silver should touch the pan while boiling.

Knives with hollow handles should not be polished in this manner, as the boiling water will loosen the cement, Miss Drew cautioned. Nor should silver with oxidized or French gray finishes be treated with this method, since chemical action of the solution and aluminum will remove the soft finish and make the entire piece shine brightly.

Here From Mississippi.

Mrs. J. Earle Glenn and daughter, Martha, and daughter-in-law, Mrs. Billy Glenn and daughter, Gloria, all of Corinth, Mississippi have been visiting Mrs. J. D. Farrow and Mrs. Tom McAllister, here, and Mrs. Glenn's mother, Mrs. C. C. Copenhaver, near Stamford.

Mr. and Mrs. Donald Bryant and family, and Mr. and Mrs. Ray Moss spent the week-end at Sherman with relatives and friends. Mrs. J. H. Eukett remained in Sherman for medical treatment.

Mr. and Mrs. Tommy Ellis of Abilene and his parents, Mr. and Mrs. Harry M. Ellis of Cleveland, Tennessee spent Sunday in the home of Mr. and Mrs. Bill Rountree.

Mr. and Mrs. Ben Townsley and Diane visited her parents, Mr. and Mrs. T. K. Wall, in Seymour during the week-end.

NOTICE

We will close Saturday Night, August 2nd for repairs and a rest. We will be open for business on Monday, August 18th.

Thank You!

Mrs. L.L. Cowan

"BOSS ...

\$2,346,854.87

* plus \$230,416.16

Ain't Hay!"

It's the yearly payroll of the employees of my Company, and they spend it right here in West Texas for food, clothing, and other living needs. In fact, everybody in the area we serve benefits from this payroll.

And, Boss, here's another point I want to make. For many years the employees of my business-managed, tax-paying Company have been building up a high-quality, low-cost service . . . this has helped to stimulate industry and general business in this area. As one of the pioneers, my Company has contributed much to the development of West Texas.

West Texas Utilities Company

*Social benefits to employees paid for by the Company—Gift insurance, retirement annuity, hospitalization fund, etc.

POT-SHOTS FROM McCAULLEY

By GEORGE DARDEN

Mrs. J. A. Jackson sent us her check for a year's subscription to The Herald to be sent to J. I. Parker, Liberator Village, Box 5372, Fort Worth 8, Texas. Thanks.

A \$5 bill comes from Mrs. Etta Stephenson of Hamlin for the McCauley Cemetery Fund. Notice:

UNKLE HANK SEZ

IF YOU WANT TO BECOME A WRITER NOWADAYS-- ALL YOU HAVE TO DO IS SOME UNBELIEVABLE THING.

Would you believe that the JAY IMPLEMENT COMPANY is fast becoming known as the "first aid" station for tractors? Our stock of equipment and our fine repair department is complete. We have a full line of farm implements; and our prices are reasonable.

JAY IMPLEMENT CO.
Phone 44 HAMLIN, TEXAS

Folks if interested in our cemetery your funds are needed.

Tom Adkins has been employed as caretaker for the McCauley Cemetery at the rate of 50 cents per hour for hours worked.

Better renew your Herald subscription from one to three years at old rate before August 1. After that date the rate will be 50 cents higher due to high cost of printing material.

The Church of Christ meeting at McCauley will last throughout this week with Minister Howard Peacock of Graham doing the preaching.

Rev. Armstrong who preached for the Methodist meeting last year will also preach during the revival this year. Date in later issue.

Concrete floors have been poured in the new Ed Mason gymnasium, and plans are to complete same by the time school opens.

The residence of John (the Baptist) and Reed and wife (colored) burned to the ground last Wednesday. An oil stove exploded and caused the fire. The residence was located across the street from the tin shack.

Mr. and Mrs. Carl Hunter from Fort Worth were visitors last week in the home of Melvin and Miss Ruth Hunter. Mr. Hunter and Mrs. Hunter have recently returned from a trip to New Mexico, Colorado and Utah where they have been on a vacation.

Bobby George Maberry is on his way home from Japan where he has been stationed with the Army of Occupation. He will get his discharge on arrival in the States.

O. T. Hennington renews their Herald for another year even though their subscription isn't out until January. Better take advantage folks, of the old price before August 1.

The George Darden family visited his brother and family Mr. and Mrs. Howard Darden in Lubbock over the week-end.

From the looks of the crowd, it seems that Eddie Jay got quite a play at the bar-b-q tables last Saturday. The new business is quite an asset to Hamlin.

A water well is being drilled in the back yard of Mr. Forbes (the ice man). Water wells are becoming numerous on the town site of McCauley whereas a few years ago there was no water.

Mr. and Mrs. R. L. Norris, former residents of McCauley are visiting for a few weeks in the home of a daughter, Mrs. W. T. Lawlis, and family.

Mr. and Mrs. Claude Allen are the proud parents of a daughter, Mrs. Allen is the former Helen Smith of this community. They now make their home at Midland.

The McCauley boys and girls softball teams defeated the Celotex teams at McCauley field last Friday night. Both good games.

A good rain in these parts would be just what the doctor is looking for. Feed is needing a drink.

It looks like a wide open field-- pertaining of course to just who will be nominated or selected by the Republican party to run for president. Tom Dewey, Taft, Stassen and perhaps dozens of others are jockeying for position. We kinda doubt it either can defeat Harry Truman. Harry has filled a big job exceptionally well and too labor is at the throats of the Republicans and thus far the road looks pretty rough for the G. O. P. Their party is always in power when we are unprepared for war. We need a huge Army or else.

The Sylvester girls softball team defeated the McCauley girls Tuesday night of last week to the tune of

12 to 2 on McCauley new lighted field.

Bud Lee who is stationed down in Mississippi with Uncle Sam's Army is home on leave for a few days with his parents, Mr. and Mrs. W. C. Lee. Also visiting in the Lee home are their daughter, Mrs. John Reynolds, and daughter from out New Mexico way.

T. J. Bailey deposits \$5 to the McCauley Cemetery fund. If you have not contributed please do it now!

Mr. and Mrs. Tom Prewitt of Tulsa and Mrs. Albin Hemphill were Sunday guests in the W. B. Mayo home.

Visiting in the home of Mr. and Mrs. Ben Short last Thursday were Mr. and Mrs. Ollis Richards and Mr. and Mrs. John Wallace of Fort Worth. They are relatives of Mr. Short, and were enroute to visit the Carlsbad Caverns.

Mr. and Mrs. J. O. Sheid and Mr. and Mrs. Lewis Irion of Snyder visited the former's daughter, Mrs. J. T. Crawford and family Monday.

Mr. and Mrs. O. L. Jenkins and Mr. and Mrs. W. A. Norris and children visited last week-end with Mr. and Mrs. Earl Kiser at Seminole.

Mr. and Mrs. Henry Albritton and Mr. and Mrs. W. L. Boyer Jr. were here Sunday for Ruidoso, New Mexico to spend several days.

Mr. and Mrs. Joe Culbertson have returned from a vacation in the Ozark Mountains. In California.

Mrs. H. A. McWright of Hamlin and her sister, Mr. and Mrs. Roy Gilbreath of Corpus Christi, are visiting relatives and friends in Los Angeles and Belflower, California. Mrs. McWright will spend about three weeks there, and the Gilbreaths will spend a month there and in Oregon with their daughter. Mrs. McWright will return by bus.

CITATION BY PUBLICATION

The State of Texas. To Bessie Bradley, et al, all the unknown heirs assigns and or legal Representatives of Bessie Bradley, Deceased and unknown owners of the property hereinafter described.—Greeting:

You are commanded to appear and answer the plaintiff's petition at or before 10:00 o'clock a. m. of the first Monday after the expiration of 42 days from the date of issuance of this citation, the same being Monday the 25th day of August, A. D., 1947, at or before 10:00 o'clock a. m., before the honorable District Court of Jones County, at the courthouse in Anson, Texas.

Said plaintiff's petition was filed on the 7th day of April, 1947. The file number of said suit being No. 6871. The names of the parties in said suit are: Hamlin Independent School District as plaintiff, and Bessie Bradley, et al as defendant.

The nature of said suit being substantially as follows, to wit: To collect delinquent taxes justly due, owing and unpaid against the property described as follows, to wit: Being Lot No. 1, Block No. 43 of the Original Town of Hamlin, Jones County, Texas for the following years and in the amounts, 1919 to 1946 both inclusive; together with penalties, interest and costs provided by law as legally accruing thereon in the total amount of \$27.35.

Issued this the 14th day of July, 1947.

Given under my hand and seal of said court, at office in Texas, this the 14th day of July, A. D., 1947.—Leon Thurnham, Clerk, District Court, Jones County, Texas. 38-4c

Blessed Events

Mr. and Mrs. Roy Wade of San Angelo are the parents of a daughter, Kathryn Lynn, born Thursday, July 3. The mother is the former Meddie Mae Bynum, who formerly lived here.

Mr. and Mrs. John Kent Jones are the proud parents of a son, born Monday afternoon, July 21 at a Rotan hospital, he weighed nine pounds and eight ounces.

Mr. and Mrs. Dub Wilcox of Celotex are the proud parents of a daughter, Barbar Sue, born June 25 at a hospital in Rotan.

Mrs. W. C. Moore and Wilma Lou have returned from Fort Worth, where they visited Shirley Moore.

H. A. Perkins and George Clay flew to Hamlin in Clay's new plane to spend the week-end with parents and friends.

Miss Inez LaBaume and brother, Lewis LaBaume are spending a vacation with their aunt, Mrs. Willie Kennedy, near Dublin.

Mrs. L. S. Magee and daughters, Mrs. Milton Smith and Mrs. J. A. Wilhite spent 10 days in Dallas and Tyler visiting friends and relatives.

Mrs. Cloma Teaff and two children of Sweetwater are here visiting.
